

Family owned since 1997

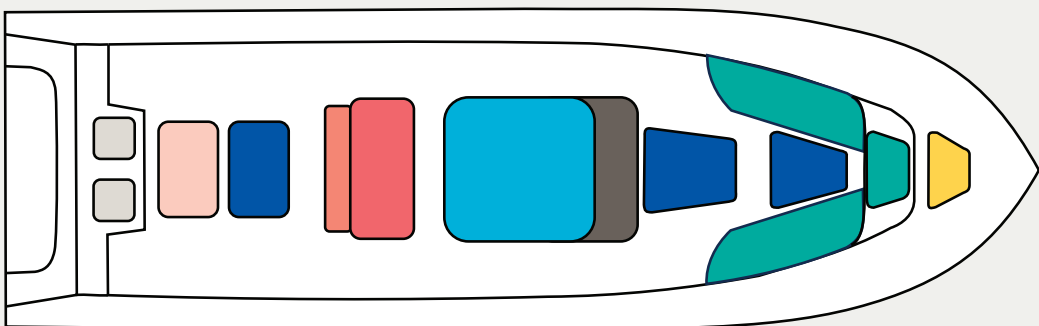

Let's build it together.

No two anglers are exactly alike. So, at Young Boats, we never build the same boat twice. We invite our customers into the process, offering an unmatched build experience. We customize each boat according to our clients' unique needs, wants, and dreams, ultimately giving them the pride of owning a true one-of-a-kind vessel.

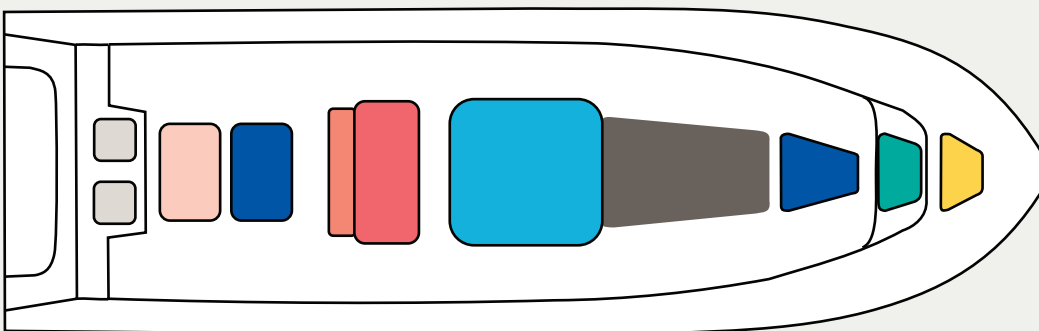

The **Young 34** offers versatility with different layouts. Choose from options like:

- Twin or Triple Outboards up to 1200hp
- Large Forward Seating (with removable table) or Coffin Box configurations
- Trolling motor and windlass packages
- Upholstery & Gelcoat color options
- Polycarbonate or Fixed Glass Wind Protection
- Removable Shade Systems and Enclosed Heads
- Dive Door (hull side) and Lean Post Bait Station setups

Open minds. Open waters.

As a family business, **Young Boats** treats clients like family—never taking shortcuts, always paying meticulous attention to detail. We build trust by building—without compromise—beautiful, customized, best-in-class fishing boats for anglers who are as passionate as we are.

Our flagship line, **The Young Collection** is where it all began. These high-performance boats are built to look as good as they fish. Every part is molded, with no seams, for a high-gloss finish. Offering true offshore capabilities, these vessels can also get shallow without sacrificing a smooth ride. This line is a great choice for serious and hobbyist anglers who also enjoy family outings on the water.

The **Young 34** is the culmination of over almost three decades of custom boat-building experience. The 34-foot hull is designed for maximum rough-water offshore performance and fishability. An 11-foot beam provides stability while at rest or underway.

“When Bluewater fishing went from a hobby to a passion, we knew it was time for a Young 34. Our crew is made up of lifelong Bluewater fishermen, and all the areas we were fishing had gotten too crowded. We wanted to fish days when the seas kept most boats home and fish places where the fish don’t see boats every day.”
