GULFSHORE 17

Open minds. Open waters.

As a family business, **Young Boats** treats clients like family—never taking shortcuts, always paying meticulous attention to detail. We build trust by building—without compromise—beautiful, customized, best-in-class fishing boats for anglers who are as passionate as we are.

Our most customizable line, The GulfShore Collection is the choice of hardcore anglers and guides who value function over a glossy finish. The hull is created from a series of modular molds that receive a cost-effective spray at the end of the build, producing a smooth, matte finish. The inside is essentially a blank slate that can be set up for exactly how you want to fish.

The **GulfShore 17** can fish and run extremely skinny inshore while also delivering excellent rough water capabilities. The dry, self-bailing hull provides a soft ride in chop. The 7-foot-plus beam and 13-inch gunnels make this one of the most stable boats in its class.

“As a hardcore fishing enthusiast and Captain, I’ve sat at the helm and bow of many skiffs. The Gulfshore17 takes second to none being at the top of its class. From sight fishing tailing reds in inches of water to chasing tarpon crossing the toughest bays and open waters. This boat is a fisherman’s dream. Fast, tough, and stable there’s not much this boat can’t do!” — Kevin Garcia, Repeat Customer
